

Outdoor Fitness Training Permit

Bromley Parks are used by people of all ages and of different fitness levels as part of a healthy lifestyle, from lunchtime joggers to those who are fitness fanatics and love sport or enjoy yoga.

Being a fitness operator with a permit gives you the exciting opportunity of undertaking fitness activities in some truly unique environments. Equally, organising group sports sessions can really be great for fitness and socialising.

If you wish to use the parks for personal training or to run group fitness or workout sessions, you must have had a permit issued. We issue permits to operators to ensure that:

- Ability to access and use public open space is preserved for all visitors.
- Park visitors can benefit from, enjoy and engage in fitness training in a variety of outdoor environments.
- Fitness and similar operators hold appropriate qualifications (based on industry best practice), and are fully insured and hold liability for participants' safety.
- Always adhering to government guidance regarding COVID-19: <https://www.gov.uk/guidance/coronavirus-covid-19-advice-on-accessing-green-spaces-safely#history>

A limited amount of parks may be excluded temporarily for a number of reasons, so please check with the manager who oversees the site during the registration process.
