

Outdoor Fitness Training Permit Terms

Whilst we hope you have a positive experience and deliver a service that provides excellent health benefits to park users, there are five key points you must also adhere to:

1. Avoid conflict between those undertaking permitted fitness activities in the park and other park users.
2. Protect and preserve the park.
3. Ensure access to and use of public open space is unspoiled for all visitors.
4. Work alongside an issued permit to ensure that fitness operators are complying with current health & safety regulation and best industry practice and keeping paperwork up-to-date with the relevant manager.
5. Fitness operators with a permit are fully insured and hold liability for participants' safety, *idverde* doesn't accept any liability for activities related to outdoor fitness training as part of the permit.
6. Display your armband that has been issued so it's visible to the public and park staff.

*Sessions are up to 90 minutes. Maximum of one session in the morning, one session in the afternoon on any one day.
